CONNECT | INVESTMENT | EXPAND

Inclusive Growth, Sustainable Prosperity

A platform for investment partnerships, trade and economic transformation

INVESTOR & INSTITUTIONAL PARTNER EDITION

Preliminary discussion document | November 2026

EXECUTIVE INVESTMENT CASE

A global platform. Local economic potential. Actionable partnerships.

The proposition

GEDS 2027 is proposed as a convening and investment-facilitation platform connecting public institutions, private capital, businesses and development partners around the productive use of local resources.

Why GEDS matters

Local resource endowments create opportunities when combined with appropriate financing, infrastructure, technology, skills and market access. GEDS aims to bring these components into a common dialogue.

What participating investors can pursue

- Discover project pipelines and emerging sector opportunities.
- Meet public and private project sponsors and potential co-investors.
- Explore trade, export, industrial and infrastructure partnerships.
- Initiate due diligence and post-summit follow-up discussions.

IMPORTANT DISTINCTION

This prospectus presents a proposed summit platform and opportunity areas. It does not offer securities, guarantee returns, or represent that projects have been approved, funded or independently verified.

PRIORITY INVESTMENT SECTORS

Indicative focus areas for project origination and partnership discussions

01 AGRICULTURE & AGRO-PROCESSING

Value addition, food processing, storage and export readiness.

02 SOLID MINERALS & RESPONSIBLE MINING

Beneficiation, processing, formalisation and traceable supply chains.

03 MANUFACTURING & INDUSTRIALISATION

Industrial clusters, local sourcing and production capacity.

04 TRADE, LOGISTICS & EXPORTS

Market access, transport systems, warehousing and trade finance.

05 ENERGY & INFRASTRUCTURE

Reliable power, clean energy and enabling infrastructure.

06 DIGITAL ECONOMY & ENTREPRENEURSHIP

Technology adoption, enterprise growth and digital services.

07 TOURISM & CREATIVE INDUSTRIES

Destination development and cultural enterprise investment.

INVESTMENT ENGAGEMENT MODEL

A structured path from introductions to independently assessed transactions

1. OPPORTUNITY IDENTIFICATION

Collect sector and project expressions of interest.

2. INITIAL SCREENING

Check project ownership, readiness and supporting documentation.

3. SUMMIT MATCHMAKING

Facilitate targeted investor, sponsor and institutional meetings.

4. DUE DILIGENCE

Investors assess commercial, legal, technical and ESG risks.

5. PARTNERSHIP DEVELOPMENT

Parties negotiate their own commercial and financing terms.

6. POST-SUMMIT FOLLOW-UP

Track introductions and next steps with appropriate consent.

Illustrative engagement process; not a promise of investment or financing.

PARTNERSHIP & PARTICIPATION

Multiple routes for institutions to engage with GEDS 2027

For institutional and corporate partners

- Strategic, knowledge, media, technology and programme partnerships.
- Sponsorship discussions and sector-specific roundtable support.
- Support for project preparation, capacity building and trade access.

For investors and project sponsors

- Register interest in relevant investment themes and meetings.
- Submit an investment mandate or project summary for review.
- Prepare evidence of ownership, feasibility and funding needs.
- Conduct independent verification before any commitment.

Information still required for a transaction-ready prospectus

Verified project pipeline; project sponsors; capital requirements; financial models; risk assessments; legal and regulatory reviews; proposed deal structures; and independently supported market data.
